

Front Moons

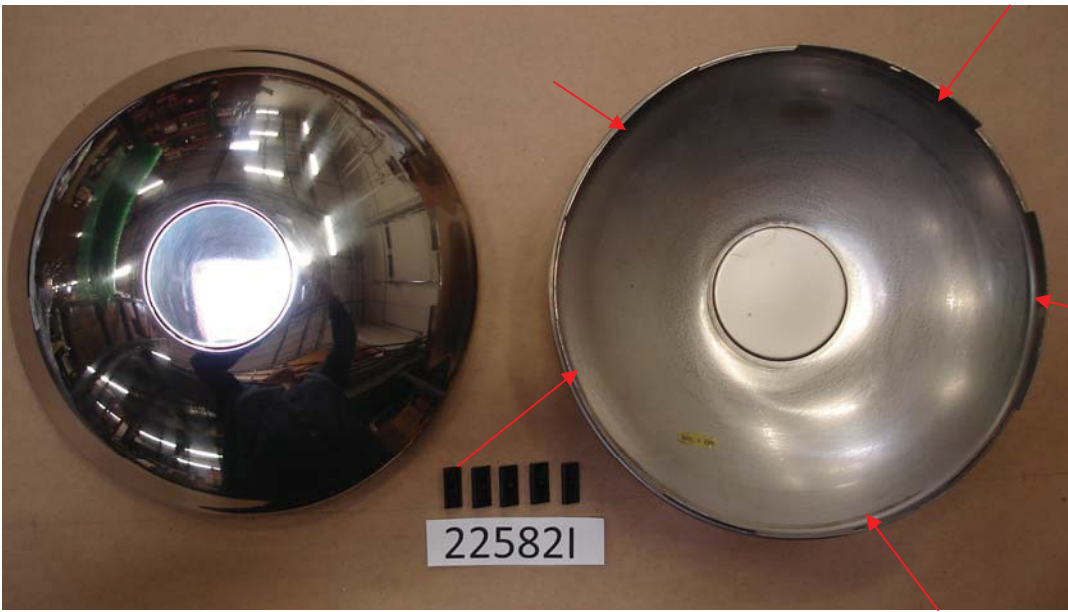

When we talk about notches in a front wheel – we are counting the open spaces in the wheel. I have used arrows to show you how we determined that this is a 4 notch. On this wheel we would use p/n 22582-4I, because it has (4) open spaces for the moon to fit into.

P/N 22582-4I – has 4 Notches – Arrows are pointing at each notch

P/N 22582-4-S – 4 has notches

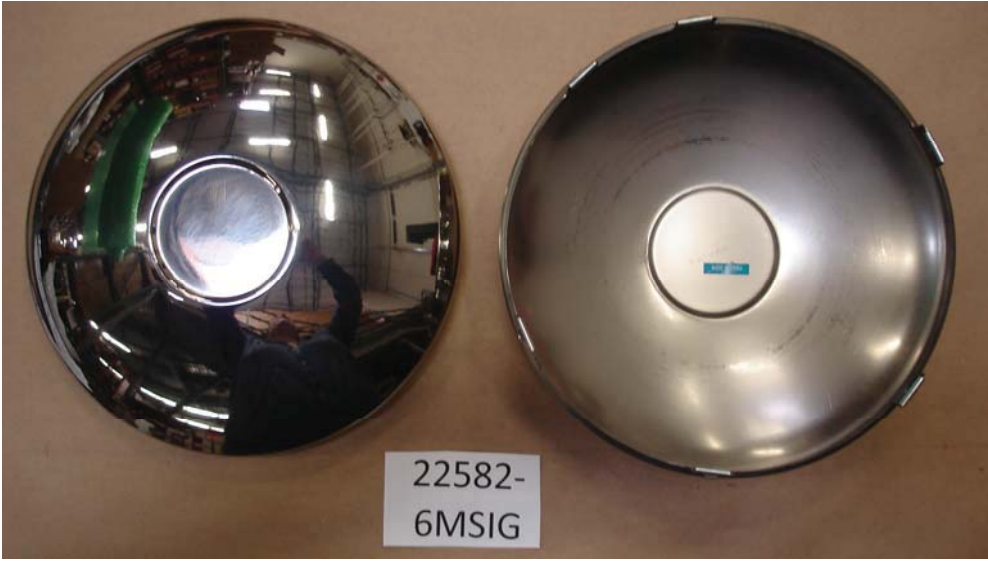

P/N 22582I – has 5 Notches – Arrows are pointing at each notch

P/N 22582-S – has 5 Notches –

P/N 22582-6 – has 6 Notches

P/N 22582-6MSIG – has 6 Notches
